### Opis produktu

Re-issue of "Transcend the Rubicon" the third album from old school death metallers Benediction, originally released in 1993!

A mixture of old and new. Benediction's slightly punk-influenced (mostly in the drumming) style of death metal remains fully intact..

The drumming is simple but effective with that distinct punk/thrash flavour which enhancing the killer riffs... Oh, it's all about the riffs....!!

"Transcend the Rubicon" is a very worthy purchase for all old-school death metal aficionados. The album has everything that an old school death metal fan could want in an album!

For fans of: Asphyx, Bolt Thrower, Master, Massacre, or "Harmony Corruption"-era Napalm Death
