### Opis produktu

HELLS HEADBANGERS is proud to release a special live album from the legendary BESTIAL WARLUST, *Storming Bestial Legions LIVE '96*, on both CD and vinyl LP formats. Just like the title states, *Storming Bestial Legions LIVE '96* captures these Australian extreme metal pioneers at the height of their powers, not long after their classic second album, *Blood & Valour*, was released. As such, the setlist BESTIAL WARLUST storm through here encompasses that album as well as their pivotal debut album, *Vengeance War 'till Death*, which went on to become one of the most mimicked black metal records in the new millennium, where the bestial metal subgenre they helped foment soon flourished. But everything that made BESTIAL WARLUST so deadly - bulldozing heaviness, gnawing violence, hypnotic hatred - is captured in its rawest, most red-eyed state on *Storming Bestial Legions LIVE '96*, making the album an indispensable component to any bestial diehard's collection and a rare document of black/death primitivism in the pre-social media era. In conjunction with this live album, HELL'S HEADBANGERS will be reissuing BESTIAL WARLUST's two lone albums, 1994's *Vengeance War 'till Death* and 1995's *Blood & Valour*, on deluxe digipack and, for the first time, cassette. BESTIAL fucking WARLUST: enough said!
