Opis produktu

Swedish black/thrash metal veterans Bewitched are back.

Forged in fire back in 1995, three decades of chaos now culminate in Diabolical Death Mass. Their new full-length album will be unleashed via Osmose Productions, making it the first studio release since 2006.

Years of silence were broken on stage, igniting triumphant infernos in Brazil, Colombia, Greece and all across Europe. Thus proving that the fire is burning brighter than ever.

Now, the circle is completed as Bewitched return to the legendary Osmose Productions, the label that helped shape their early legacy. With Diabolical Death Mass, Bewitched deliver 11 tracks true to the traditional old-school black/thrash sound that made them known: savage riffs, anthemic power and pure blackened fury. An uncompromising Hellcult attack, nothing more and nothing less.

Diabolical Death Mass is not a resurrection.
Bewitched were never dead.
Let the ritual begin.
