Opis produktu

Coloured vinyl edition ("Moss Green Nebulah"). Comes in a beautiful designed jacket by Luke Tromiczak. Includes a 250 gsm 12" insert with paintings, lyrics and liner notes.

This edition is limited to 500 copies.

After the critically acclaimed 2020 album "Love & Ashes", Blood and Sun return with "Ochre (& the collected EPs)": a new EP complete with bonus tracks. Available on relevant formats as of March 31, 2023.

Written by Luke Tromiczak and performed by a rotating group of musicians from across the United States, Blood and Sun are known for dark and haunting songs drawing heavily from Americana and neo-folk - likely to appeal to fans of everything from Of the Wand and the Moon and Steve Von Til to Wovenhand and Echo & The Bunnymen.

The A-side consists of the "Ochre" EP - four new tracks recorded in rural America between 2020 and 2022. It was produced, mixed, and mastered by legendary American producer Bob Ferbrache. "The collected EPs" on side B include "The Confession", previously available only on Brave Mysteries' digital sampler "Communion of Saints", as well as two sold-out releases: the 2016 split with Brittsommar and the "Cain's Orchard" EP from 2018.

2. Wellspring
3. Crossroad
4. Crown
5. The Confession
