### Opis produktu

WEREWOLF RECORDS is proud to present the highly anticipated second album of Finland's BLOOD CHALICE, *The Blasphemous Psalms of Cannibalism*, on CD, vinyl LP, and cassette tape formats.

Formed in 2015, BLOOD CHALICE feature among their ranks a number of Finnish metal veterans, spanning a slew of extreme styles. However, in BLOOD CHALICE, the goal has always remained firm: uncompromising, closeminded BLACK/DEATH savagery. The first strike as such came in 2016 with a self-titled demo, followed the next year by the gutsfucking debut album *Sepulchral Chants of Self-Destruction*. Diehards hailed the album; the rest recoiled in horror. Typical "Finnish black metal" this was not...

And BLOOD CHALICE further drive home that point, five years later, with their second full-length, *The Blasphemous Psalms of Cannibalism*. Indeed, they honor ancient Finnish roots by (gutsfuckingly) leaning on the noble foundation laid forth by early Impaled Nazarene, Archgoat, Belial, and even Mythos, so muscular and still-death-metalled is BLOOD CHALICE's thrust. And, just like those scene legends did so long ago, BLOOD CHALICE keep memorability at a maximum - nearly as much as the savagery itself, which reaches critical mass on *The Blasphemous Psalms of Cannibalism* - and evince a short/sharp/shocked style of songwriting gleaned from those pillars' grounding in early grindcore. No more but certainly no less, this is trend-free OLD black metal brewed with disdain for the nowadays scene.

Take it or leave it, BLOOD CHALICE don't care. Drink deeply of *The Blasphemous Psalms of Cannibalism*.
