## Opis produktu

Witness the recording of ‘Absolute Elsewhere’ from Blood Incantation with ‘All Gates Open (Original Motion Picture Soundtrack)’. The band reveals a light, beautiful and holistic side of their musical lexicon, serving as the pastoral "yang energy" to the dark atmosphere of ‘Timewave Zero’. The soundtrack and documentary originally appeared only in the limited edition Artbook of ‘Absolute Elsewhere’. This marks the first standalone release for both, including the first-ever vinyl pressing of the soundtrack. Now on home video, the included 73-minute documentary takes you inside the legendary Hansa Tonstudios. Go behind the scenes as the band rehearses and records with appearances by members of Tangerine Dream, Hällas and Sijjin, fully immersing themselves in Berlin’s multifaceted culture. Mixed and mastered by Arthur Rizk and featuring retro-futuristic cover art by Jodie Day. This definitive collection is available as a Gatefold 180g 2LP & Blu-Ray featuring an etching on Side D (with limited vinyl variants also including an A2 poster), as well as a Ltd. CD + Blu-Ray Edition which includes an exclusive poster booklet or as a Digital Album. Both Blu-Ray versions feature the documentary in Full HD alongside the official music videos for ‘Obliquity of the Ecliptic’, ‘Luminescent Bridge’ and ‘The Stargate’.
