Opis produktu

Includes gatefold jacket, 20-page booklet, insert and poster.

Featuring classic 1970s artwork by Sci-Fi god Bruce Pennington, "Hidden History of the Human Race" promises to be both a meditative inquiry on the Mystery & Nature of human consciousness, and a dynamic foray into the realms of progressive, brutal & atmospheric death metal, as revealed by BLOOD INCANTATION.

Recorded completely analogue at World Famous Studios in Denver, CO, "Hidden History of the Human Race" expands the sonic cosmos explored on BLOOD INCANTATION's critically acclaimed debut "Starspawn" (Dark Descent Records) and contains the following new tracks:

1. Slave Species of the Gods - 05:31
2. The Giza Power Plant - 07:06
3. Inner Paths (to Outer Space) - 05:38
4. Awakening From the Dream of Existence to the Multidimensional Nature of Our Reality (Mirror of the Soul) - 18:05
