### Opis produktu

Behold the latest offering from the enigmatic death metal outfit, Blood Incantation: a 12-inch maxi single featuring a brutal death metal track on Side A and an ethereal, cosmic composition on Side B, with a total runtime of nearly 20 minutes. On Side A, prepare to be annihilated by Blood Incantation's signature sound, with crushing riffs, thunderous drums, and guttural vocals that will transport you to the abyssal depths. This track will leave you convulsing in a frenzied, primal state. Side B takes a departure from their death metal fare and explore again a cosmic, ambient soundscape that will leave you mesmerized. With atmospheric synthesizers, haunting melodies, and otherworldly timbres, this composition will take you on a journey through the boundless expanse of space. This 12-inch maxi single is a must-have for any fan of extreme metal or avant-garde music. Whether you are a devoted follower of Blood Incantation or a curious listener, this release is certain to make an indelible impression. Available on 180g Vinyl (Discobag) with Matrix Engraving on Side A and Side B, as well as Digital Album.
