Opis produktu

CHAOS 113 Out now on Into Endless Chaos Records & Edge of Forever BLOODY VENGEANCE – Stuka Deathstrike CD & MC CHAOS 113 & EDGE006CD/MC Germany’s Bloody Vengeance storms the frontlines with a brand new 4-track studio EP — a feral barrage of South American–inspired bestial attack metal dragged straight from maggot-filled trenches. Blasting, grinding, and ugly as it should be, this is hellish warfare noise steeped in the savage spirit of Sarcófago, Repulsion, and Siege. Conceived as a teaser for their forthcoming full-length, this EP captures the band experimenting with new ideas. The title track resurrects ideas originally forged in 2008 by Kadeniak’s former band WITCHF*CK, now reforged into a sharpened weapon of total sonic annihilation. “White Clouds” takes an unexpected turn, reinterpreting material written by Tangerine Dream in 1973 through Bloody Vengeance’s war-scarred lens. Closing the assault, “Raging Death” stands as an homage to the Raging Death Date festival (2009–2018) — a solemn salute to the final slaughter after a glorious decade of decay, and the very grounds where the band members first took the stage. German aerial warfare imagery dominates the concept, with striking cover artwork by Rok completing the militant vision.
