Opis produktu

Limited edition jewelcase CD w/ 12 page booklet.
Edged Circle Productions is proud to present the brand-new full-length feature release from Dutch death metal masters BODYFARM fittingly entitled “Malicious Ecstasy” on the 22nd of March 2024.

In the event of the upcoming full European tour with fellow countrymen PESTILENCE and CARNATION, the band decided early last year to record some brand new exclusive songs for a strictly limited vinyl and CD release, and while at it, why not throw in some live recordings as well?!

After months of preparation the final product is ready which clocks in at 40 minutes of blistering death metal darkness the Dutch way! Following the immense success of their last full length album “Ultimate Abomination”, this new slab of crawling filth feels more than welcome as they embark on their 3 week trek throughout Europe. Do not miss out on this chance to experience death metal at its finest in April 2024!
