Opis produktu

Meticulously remastered for vinyl and cut at 45 rpm
Reverse-board jackets
Limited to 300 copies worldwide, includes digital download code

After instantly selling out on cassette, this filthy four-song debut now reemerges under the banner of Stygian Black Hand, remastered and redesigned for proper vinyl release.

Bog Body spews out a churning concoction of slow, down-tuned death metal, proving to be at the same time gravely unsettling and utterly captivating. Bloated with elements of black/doom metal and noise, Bog Body's music bursts with dizzying commotion yet remains masterfully stark in its execution. In their own words, Bog Body embodies, "[t]he hammer and nails of ritual death. The noose around the moon and the spade to bury the sun. Bog Body is made flesh with bass, drums and voices. Focusing on a simplistic punishment, we worship an earnest heartbeat."

The vinyl edition of "Through the Burial Bog" is set for release in March 2019 and will be limited to 300 copies worldwide.
