Opis produktu

Limited to 200 units!

“Into Blackness” marks the sophomore album by Germany’s Thrash Metallers Bonded, the new group by former, long-time Sodom members Bernd “Bernemann” Kost (Guitars) and Markus “Makka” Freiwald (Drums), also featuring second guitarist Chris Tsitsis (ex-Suicidal Angels), bassist Marc Hauschild and vocalist Ingo Bajonczak (Assassin) complimenting the line-up. “Into Blackness” flawlessly follows Bonded’s acclaimed “Rest In Violence” debut from 2020, which managed to enter the official charts in Germany at # 84 and the album was produced by Cornelius “Corny” Rambadt at Rambado Recordings (Sodom, Disbelief, Onkel Tom), while its artwork was once again created by Björn Gooßes / Killustrations (Aborted, The Crown, Carnal Forge). “Into Blackness” is available as limited first-pressing CD in O-Card packaging, with a sticker as well as two bonus tracks (Century Media Store exclusive), standard cd jewelcase, or as LP on 180gr. vinyl. Skilled and dynamic Thrash Metal at its best!
