Sevan Mater proudly presents:

Borknagar – Origin

A Majestic Rebirth of a Nordic Masterpiece. With **Origin**, **Borknagar** strips back the layers of their cosmic black/progressive metal heritage to reveal something deeply organic, melodic, and profoundly atmospheric. Originally released as a bold acoustic statement, Origin stands as a testament to the band's versatility, depth, and timeless songwriting – and now, it receives the deluxe vinyl treatment it truly deserves.

Sevan Mater presents this gem in a stunning new Triple Gatefold Edition, available in two strictly limited runs: 500 copies on Gold Vinyl and 500 copies on Red Vinyl. The Triple Gatefold packaging alone is a collector's dream – beautifully designed, elegant, and immersive, perfectly echoing the rich natural textures and philosophical layers of the music within.

Musically, **Origin** is a journey through the soul of **Borknagar** – acoustic guitars, piano, flutes, and layered vocals flow like Nordic rivers through landscapes of introspection and grandeur. It's both intimate and vast, a reflection of nature and spirit, myth and memory. The songs breathe, echoing ancient winds and the wisdom of the North. Tracks like "**White**" and "**The Human Nature**" reveal an emotional core often hinted at in **Borknagar**'s heavier works, now fully unmasked.

This album is not a detour – it is an essential chapter, perhaps one of the most sincere and poetic ever released in the metal world. Whether you're a long-time fan or discovering this masterpiece for the first time, this limited edition reissue is not to be

missed. A glowing tribute to one of the most daring and visionary bands in modern metal – this is **Borknagar** at their most elemental, and most profound.
