**Sevan Mater proudly presents:**

**Borknagar - The Olden Domain**

A Monument of Epic Northern Majesty. Few albums have captured the essence of Norse grandeur and progressive black metal mysticism like **Borknagar's** iconic **The Olden Domain**. Originally released in 1997, this milestone release marked a bold evolution in the band's sound – an epic synthesis of ferocity and atmosphere, melody and might.

Now, thanks to **Sevan Mater**, this seminal album returns in a breathtaking deluxe edition, crafted with the reverence it deserves. This collector's dream comes in a Triple Gatefold cover, rich with new visual and tactile depth – a true work of art that honors the spirit of the music inside.

Limited to only: 500 copies on Gold Vinyl and 500 copies on Red Vinyl. Each color captures the fire and blood of this album's sonic journey – from the icy pulse of black metal to the warm, progressive textures that would come to define **Borknagar's** identity.

**The Olden Domain** is more than an album – it's a mythological voyage through time, nature, and existential reflection. Tracks like **"The Eye of Oden"**, **"A Tale of Pagan Tongue"**, and **"Grimland Domain"** remain towering achievements, combining intricate musicianship with visionary scope.

---

This was the moment **Borknagar** became something more – a band unafraid to expand black metal’s boundaries into untamed, poetic wilderness. With this deluxe Sevan Mater edition, **The Olden Domain** roars anew – raw, majestic, eternal. A must-have for fans of Scandinavian metal history and progressive extremity alike.
