Brutality (US) - When The Sky Turns Black

Some of the best death metal albums of the 90s from Tampa/Florida, finally available again on limited music cassette. Brutality's amazing debut album *Screams Of Anguish* from 1993 and the follow-up *When The Sky Turns Black* from 1994 marks definitely the best period in the bands history and if you want a band that seamlessly combines uncompromisingly heavy riffs, excellent melodies, a chaotic atmosphere, and deep guttural vocals, then look no further, because Brutality has it. This is seriously one of the most underrated bands in the history of death metal. So don't miss these pieces of ancient power and strength.
