Opis produktu

UK black metal outfit Burial have joined forces with Apocalyptic Witchcraft and are set to release their third album ‘Satanic Upheaval’. The band who hail from the bleak industrial landscapes of Manchester dedicate their raw no frills brand of extreme metal to the grim, goat worshipping origins of the black metal genre. ‘Satanic Upheaval’, Burial’s 3rd album, follows their take on occult themes with a misanthropic view of the world. The band comments: “we are incredibly excited to sign with Apocalyptic Witchcraft for our new release and look forward to working with them on this album which is the most complete representation of our sound as a band to date, a body of work that are very proud of and are eager to share with the world”. 1.
