Opis produktu

Denver-based metallic hardcore perpetrators CALL OF THE VOID unleash another ferocious blast of sonic destruction with their sophomore effort Ageless. A pummeling fusion of crusty grind, sludgey hardcore and groove injected metal, Ageless was recorded and mixed by Andy Patterson (Subrosa, Eagle Twin, Gaza) and mastered by Brad Boatright (Tragedy, From Ashes Rise, Integrity). Having cut their teeth playing live over the past two years with Today is the Day, Eyehategod, Code Orange, Ringworm, Brutal Truth and many others, Ageless sees CALL OF THE VOID further sharpen their aggressively vitriolic sound into a fine-tuned display of hardcore savagery.
