FANTASTIC RE-ISSUE OF THIS CLASSIC OF AMERICAN DEATH METAL!

Super-Heavy Floridian Death Metal! This is the kind of stuff you listen to with the lights on. Not that it's easy to be scared. As the words are churned and ground to mere vocal road kill of their former selves by George "Corpsegrinder" Fisher (lead-singer). Worm Infested, the long out of print second EP by Cannibal Corpse released in 2003 through Metal Blade Records is now available on CD, cassette and 12" vinyl formats. Worm Infested is a compilation EP of tracks recorded between 1996 and 2001, featuring previously unreleased outtakes along with killer covers of songs by Accept, Possessed and Metallica. This is worth a place in any good Death Metal collection!
