Opis produktu

CD in Jewel case with 16-page booklet.

Death Came Through a Phantom Ship is the second studio album by the Dutch symphonic black metal band Carach Angren, It was released in 2010.
This album tells the legend of a ghost ship (an interpretation of the Flying Dutchman) from its beginnings. While a wide variety of interpretations of the Flying Dutchman legend exist, the band says that the album is based on the Dutch interpretation of the story. However, they took some creative liberties with it to make it a more horrifying story.
This album is repackaged, remastered, and features three bonus tracks of the most talked-about cinematic and symphonic black metal since Cradle of Filth and Dimmu Borgir impacted on the scene.
This is must-have metal!

For fans of DIMMU BORGIR, SEPTICFLESH, CRADLE OF FILTH, ARCTURUS, DARK FORTRESS.
Artwork by Erik Wijnands.
