Opis produktu

At last the wait is over for 'Choice Cuts' the mythical album from the gods of gore on vinyl! As a band Carcass set an entirely new genre into motion with the release of their debut 'Reek Of Putrefaction', subsequently going on to sell 200,000 copies of their landmark 'Heartwork' album.

Often imitated but certainly never bettered! This album contains 13 of the bands most impressing tracks throughout their career, culled from their 5 full length studio albums, which in turn are all a must have, as well as 2 full Peel sessions from 1989 and 1990.
