Opis produktu

Medieval fantasy metal phenomenon **CASTLE RAT** present their captivating new LP **The Bestiary**!

A riff-laden compendium of mystical creatures and cautionary tales from a world forgotten, **The Bestiary** casts forth 13 allegorical tales of mythic beasts and the Wizard who brings them together, weaving powerful heavy anthems and dark enchantments to create a bewitching and unforgettable odyssey.

Since forming in 2019, **CASTLE RAT** have created a vivid labyrinth of fantasy lore led by "The Rat Queen" (AKA Riley Pinkerton). Together with "The Count", "The Plague Doctor" and "The All-Seeing Druid", the group has carried out countless battles against "The Rat Reaperess" with riffs, swords and spells on stages across the US and Europe.

Recorded by Randall Dunn (Sunn O))), Wolves in the Throne Room, Björk) and mixed by Jonathan Nuñez (Torche, Restless Spirit), **The Bestiary** features 13 spellbinding tracks of epic carnage and mystical metal from this singular band.
