CATALEPTIC about „The Tragedy“:
"*After a few crucial line-up changes and with the help of a producer from outside the band our new effort The Tragedy is a truly ambitious offering. Musically it takes a leap forward: The most diverse record we've done, while still sounding very Cataleptic. Lyrically it revolves around a theme of war, betrayal and revenge. Bronze clad Champion of the battlefield faces betrayal and commences the Age of Fire. Want to hear some music with character without metal sub-genre boundaries? Give this album a spin.*"
