### Opis produktu

DARK SYMPHONIES / THE CRYPT is proud to present the long out of print classic 1993 debut album "Malicious" from Switzerland's brutal thrash metal act CAUSTIC!

With influences ranging from SLAYER, KREATOR, GRINDER and earlier SEPULTURA, CAUSTIC varied their style for a unique approach, guaranteed to satisfy all fans of extreme metal. It is an unusual and independent world of brilliant murderous riffs filled with wonderful calm moments. Also included is the band's amazing 1992 self titled EP.

Having long been out of print for 21 years and fetching insane prices online, we are proud to offer this CD once again. We are working directly with original label owner and Excruciation drummer Andy Renggli, brother to guitarist Chris Renggli (R.I.P.) who has supplied the original cover artwork for both the album and the EP, new liner notes from Andy, drummer Levent Sunu and Excruciation vocalist Eugenio Meccariello, lyrics and classic band photos.

Additionally, a Japanese-style OBI-Strip will be included.

Originally released in 1996 and having been long OOP since then, fetching insane online prices, we are proud to offer this classic release once again!

CD limited to 1000 copies worldwide! Stay away from BOOTLEGS! Support the band and official releases!!
