Nearly four decades into their illustrious careers, the Cavalera brothers have re-recorded the cataclysmic debut releases that started it all for them, "MORBID VISIONS & BESTIAL DEVASTATION". As the thrashers from Brazil kick back into their aggressive, primal upbringings, it becomes apparent that the bond between Max on guitar

and vocals, and Iggor on drums has only been strengthened immensely since their first recordings, a connection

so thunderous that only those two could be creating it.

An earth-shattering bass tone is supplied by Igor Amadeus Cavalera (HEALING MAGIC, GO AHEAD AND

DIE), while Daniel Gonzales (POSSESSED, GRUESOME) plays lead guitar like an ear-splitting banshee. Staying true to the raw, discordant energy of the early days, the

tracks are delivered like punch after punch, authentically reminiscent of the chaotic live-shows of the eighties

as Max wails through "Morbid Visions" and Iggor slams through "Troops Of Doom". The quartet has captured the graveyard essence of these albums with a fresh wind, demonstrating from start to finish that "MORBID VISIONS & BESTIAL DEVASTATION" will once again wake the dead

from their crypt.

Both albums have been re-recorded, produced by Max and Iggor and mixed and mastered by Arthur Rizk. Both will be released and promoted simultaneously. We will have 2 singles and 1 focus track. Two singles from Morbid Visions and one from Bestial Devastation. Both releases
