Opis produktu

ERP horrifyingly present "Tenebrous Aeternum", a compilation cassette sonically blowing bloody chunks from the Mexican death metal band CENOTAPH's early recordings

This compilation offers the bands 1990 EP "Tenebrous Apparitions", the 1991 EP "The Eternal Disgust" and their compilation song "Evoked Doom" from the infamous 1992 " Pantalgia - An International Death Metal Compilation" album.
A total of 5 songs from the bands most brutal and dark period with exclusively the sickest riffs and lowest vocals of their legendary career.

All songs taken from the original vinyl releases from the ERP crypt archives, ripped for digital mastering by Lasse in Ballade Studio in July 2020. Never has the recordings sounded heavier! Total DEATH!

Released on MC by Extremely Rotten Productions

Second pressing of 300 copies on black cassettes
