Opis produktu

Limited edition CD comes in a six-panel digipack

Pressed on Ghastly White vinyl, comes with double sided 12" insert and an A2 poster.
In 1993, one of the most important demo-tapes from the old Swedish Black Metal underground was released upon the earth. No big introductions are needed here. Both Chalice and Illska were intrinsically related to the infamous bands Svartsyn and Unpure, since they incorporated the members Ornias, Kolgrim and Draugen.
Through this timeless, long sold-out split-demo, they summoned each two tracks of true Black Metal as it could only have been made in the early 90’s.
