### Opis produktu

HELLS HEADBANGERS is proud to present CHILDREN OF TECHNOLOGY's *Apocalyptic Compendium - 10 Years in Chaos, Noise and Warfare* on CD and cassette tape formats. For a decade now, these Italian speed metalpunks have been ruling the post-apocalyptic wasteland with their own brand of crazed 'n' crusty warfare noise. They've put out two critically acclaimed albums through HELLS HEADBANGERS, 2010's *It's Time to Face the Doomsday* and 2014's *Future Decay*, and now CHILDREN OF TECHNOLOGY return with a career-spanning collection of singles and splits. Fittingly titled *Apocalyptic Compendium - 10 Years in Chaos, Noise and Warfare*, this exhaustive 17-track compilation displays the band in all their ragged glory, rushing through nearly 50 minutes of pure, nitrous-infused metalpunk. If one band could hypothetically encapsulate the Mad Max films in both visual and especially musical form, then CHILDREN OF TECHNOLOGY would be it - and here's the perfect introduction to their wild wasteland!
