Opis produktu

Rising from the depths of Chicago, Cianide released their highly proclaimed debut in 1992. Cianide's second album "A Descent Into Hell." is by many considered as their finest hour, Pure, doom death metal and after 30 years after its initial issue 1994's "A Descent Into Hell" is finally available on CD once again. Massive true death metal that Cianide has been delivering for almost forty years. This re-issue comes with a complete new layout made from the original artwork, lyrics from all songs, band pictures, and last but certainly not extensive liner notes by Pim Blankenstein.
