Cidesphere was formed in 1998 in Ankara / Turkey.

As the first attempt, Cidesphere released its initial works as “Dying in Confusion” on a split album with “Suicide”. In January 2003 the band released its debut album “Interment” via Hammer Music. The album made a huge impact and is still accepted as the unique sample of its kind among Turkish metal music history. Cidesphere participated in more than 100 club shows and festivals.

In 2004 band split up and re-united in December 2018. Cidesphere immediately began playing shows and festivals and started writing material for a new album. After a hardworking period, Cidesphere completed the song-writing process for the second album in 2019. The recording of drums and vocals for the new album was done in “Midasın Kulaklığı Studio” by “Erkan Tatoglu” in December 2019. The mixing and mastering was done in “Sound Damage Studio” by “Unsal Ozata” in May 2020. After the completion of Cidesphere’s second album entitled “Dawn of a New Epoch”, the band signed to “Testimony Records”.
