Opis produktu

Although Circle Of Ouroborus is usually wandering in nature, we have taken some side steps to the city streets now and then. "Pölysade" is this kind of an album. Stripped and laconic, these songs are like lost ghosts walking through the spaces in-between: alleys, abandoned parks and urban wastelands. Sometimes rays of sun pierce the smoke screen, but just to light the stage where we are standing alone. This is an album about alienation - stories of a modern hermit.
Artwork by the renowned animation film maker Tomek Popakul.
