Opis produktu

Norway’s **Coffin Storm** is a new band consisting of **Apollyon** (Aura Noir/Lamented Souls), **Bestial Tormentor** (Infernö/Lamented Souls) and **Darkthrone**’s **Fenriz**.

The trio's debut album **Arcana Rising** offers a powerful fusion of classic heavy metal, slow thrash and doom (a torrent of rousing, accomplished titanic riffing commandeered by Fenriz’s unmistakable vocal prowess).

Limited orange vinyl edition with printed inner.

Arcana Rising contains six sprawling metallic epics covering the 45 minute running time, and was recorded at a variety of studios in the band’s native Norway, with work originally commencing back to 2021. With production overseen by Apollyon himself, ‘Arcana Rising’ truly channels & encapsulates the spirit of the 80s, with inspiration from such masters of metal as Candlemass, Pentagram, Metallica & early Kreator, with musical nods to early Paradise Lost & Cathedral from the more extreme side of the doom spectrum, as well as including traces of the DNA from Apollyon & Bestial Tormentor’s own prior work together with their cult doom act Lamented Souls, to create a sensational and majestic opus.
