Opis produktu

The quintessence of this new album is drawn from divine feminine sexuality, the liberated woman as initiator, in mystical union with Chaos. She raises her chalice high and offers her blood, the Elixir of Ecstasy. Bestiality, pushed to the limit, manifests itself in all its purity, then metamorphoses into psychedelic atmospheric layers, progressive low frequencies and sacerdotal chants, to form the scrolls on which are inscribed the visions and complex formulas of a Satanic Charnel Esotericism.
