Cosmic conqueror / Barbaric howler - split LP (Dawnbreed / Evil eye productions)

Black vinyl / 100

members of Sonne adam / Kever / Venomous skeleton

The dawn of 2020 witnessed a joint conjuration of barbarism and devastation from two unholy Israeli hordes most aptly entitled "Summoners of Storm". With relentless fervor, Barbaric Howler and Cosmic Conqueror unlock this procession of doom each with two tracks of profane Black/Death Metal savagery marked by grave demonic guitar streams invoking the very depths of Hades conspiring with an organic pulsing rhythmic flare, almost martial in its precision and austerity. Wandering through slow landscapes of hypnotizing riffing and blast-beating outbreaks of evil, a voice from the abyss leads this hostile mantra of Death worship emanating a genuine aura of funereal darkness. Utterly dense and hypnotizing, enter the sepulcher and summon a supreme piece of spectral Metal of Death.
