Opis produktu

COUGH return with their first album in over five years. Produced by Electric Wizard's Jus Oborn and recorded by Oborn and Windhand's Garrett Morris, *Still They Pray* is the kind of monolithic cosmic doom that will take the listener to the heights of despair and the bottom of the abyss. With *Still They Pray*, **COUGH** summon psychedelic feedback-driven melodies just to deconstruct them to their core. This is easily **COUGH** at their most focused: pessimistic riffs and tortured grooves collide in melodic agony alongside a hallucinogenic blend of harsh and clean incantations, crushing and cathartic yet utterly mesmerizing. Step through the gates of madness and stare into the void.
