DIGISLEEVE 2021 EDITION

The heathens of Cruciamentum assembled in 2009 with the intent of evoking the most abyssal of death metal violence, drawing on influences from dISEMBOWELMENT, Incantation, Immolation, Demigod, Rottrevore, etc. but moulding these influences into something uniquely their own. The 'Convocation of Crawling Chaos' demo was hewn from the purest veins of sulphurous death; three tracks demonstrating a focused and merciless intent. The demo was released in a number of pressings, attracting the attention of various labels, before a deal was struck with Nuclear Winter Records for a reissue, with new artwork from Alex Brown reflecting the swirling gates to the spheres of absurdity.
