Opis produktu

Shape-shifting between moments of total gloom and flashes of uplifting enlightenment, the fourth outing from Sweden's Cult Of Luna sees the collective building further on their monstrous sound. Drifting passages of reflection and melancholy are offset with sonic explosions of release that still encompasses all that is great about the band's music - genuine art played with emotion and invention.**Track List:**

- 02: Finland
- 03: Back To Chapel Town
- 04: And With Her Came The Birds
- 05: Thirtyfour
- 06: Dim
- 07: Dark City, Dead Man
