Opis produktu

Tradition, soul, coldness, stubbornness: this expresses the characteristics and trademarks of DARKENED NOCTURN SLAUGHTERCULT, a band that has grown and matured in the course of its 22-year existence into a distinctive institution of German Black Metal.

DNS deliver a primarily classic, raw sound in the tradition of the Scandinavian (especially Norwegian) bands of the early and mid nineties like Immortal, Darkthrone and Gorgoroth. In short: No search for the latest trend and the greatest genre extension here,

but "almost forgotten traditions are kept firmly", as the band itself clarifies.
