Opis produktu

With Embrace of Memory (originally released in 2005), Darkestrah reaffirmed their status as one of the most distinctive bands in the black metal scene integrating traditional melodies, instruments, and rhythms into an intense and atmospheric sound that reflects both their cultural roots and their continued evolution.

Founded in Kyrgyzstan and now based in Europe, the band has long stood apart for blending the raw power of black metal with the rich traditions of Central Asian music.

Now reissued as CD, LP and Cassette, with a remastered audio and an updated layout.
