Opis produktu

Black 12" double vinyl (33rpm) in deluxe gatefold sleeve with embossing and new art inside.

Darkspace's fourth album entitled, "Dark Space III I", was released in 2014 and takes the ingredients that made the success of previous albums to the next level: deepest darkness, electronics, and ethereal atmospheres for over an hour.

Cult ambient black metal pioneer DARKSPACE (ft. Members of Paysage d'Hiver + Sun of the Blind) is now reissuing its complete discography, which includes four full-lengths and an EP, via Season of Mist!
Dubbed “The Most Mysterious Anonymous Blackest Black Metal Band,” the enigmatic Swiss trio is known for their hypnotic and otherworldly sound, which has greatly influenced modern atmospheric and cosmic black metal as we know it today.
The band will be releasing a brand new album via Season of Mist at a later date!

For fans of PAYSAGE D'HIVER, SUN OF THE BLIND, ARKHTINN, OMEGA INFINITY.
