Opis produktu

A **remastered 30th anniversary** double CD edition of **Panzerfaust** including an additional disc (from 2010) with recollections and commentary from **Fenriz**.

'Panzerfaust', Darkthrone's fifth album was originally released in 1995 on the Norwegian label, Moonfog (the label previously owned by Satyr of Satyricon). The album was recorded similarly to their previous release, 'Transilvanian Hunger', in that it was written and recorded solely by Fenriz at his home 'Necrohell' studio, with Nocturno Culto later adding vocals.

'Panzerfaust' was largely inspired by the works of Celtic Frost, a long time favourite of the Darkthrone members, and also included songs in the Bathory style, a follow-on to the faster tempo of the tracks featured on 'Transilvanian Hunger'. 'Panzerfaust' is also notable for including some of the most raw and primal vocals in black metal - completely well suited to the music on display and the misanthropic nature of the band at the time. With its feast of Frost-fuelled riffing, 'Panzerfaust' is rightly hailed one of THE classic Darkthrone black metal albums, whilst also featuring lyrics written by Varg Vikernes.
