### Opis produktu

Darkthrone hail from Norway and for the past decade have been at the forefront of the infamous Black Metal movement - quite an achievement for a band who have only ever played a handful of live shows.

In 1986 they rose up from the darkness, brought to life by Gylve Nagell (drummer), Ted Skjellum (guitars/vocals), Ivar Enger (guitars) and Dag Nilsen (bass).

Under this line up the band released 3 demos, Land Of Frost, Thulcandra and Cromlech before signing to Peaceville Records in a 4-album deal.

Darkthrone's debut album 'Soulside Journey' (1991) was recorded at the much acclaimed Sunlight Studios in Sweden, and shows a major band at the beginning of a justly celebrated career of evil.
