“In 2024, Darvaza played one of the most savage shows ever at House Of The Holy in Abtenau, Austria. Luckily, the show was recorded by the festival crew. The sound is wild and far from perfect, but it perfectly captured the essence of that wild night in which we played as a six-piece lineup.

For those who know House Of The Holy, there is not much to say; you know it well. For those who don’t, you just need to understand that the place, the crew, and the festival are so special that every experience becomes a vivid moment forever imprinted in your mind and memories. No exceptions.

With the premature and tragic passing of the festival’s chief in command, Bartholomäus R., we felt a real urge to pay tribute to one of the most enigmatic, true, and sincere human beings we ever crossed paths with. He was a wild spirit, a visionary, but above all a true friend who is missed every day.

Darvaza played House Of The Holy twice, but we visited the mountains quite often for one reason or another. We always felt at home up there.

We hope this record can finally place a tombstone upon our grief and mourning, and pay tribute to the man who made everything possible.

This is for you, brother.”

Omega,

on behalf of Darvaza
