Opis produktu

Oakland black/death metal plague wielders Dearth finally debut with their long awaited and highly anticipated first full-length album "To Crown All Befoulment", a sonic reign of terror clawing deep into the most wretched, abominable, and hideous realms of human nature. Nihilistic beyond comprehension and sonically devastating, on the crushing debut LP Dearth explore incomprehensible thresholds of disgust and abjection through a sonic arsenal forged deep into in the most tormented circles of hell, unleashing a cataclysm of dark death metal horror that will leave the listener scarred and ravaged. Thorough an inescapable maze of oppressive death metal riffs and malefic atmospheres, the Oakland death-bringers have drawn influence from extreme metal titans like Dead Congregation, Deathspell Omega, Lucifyre, Demoncy, and Pseudogod to assemble a mortal weapon of mass extermination that symbolizes and glorifies the complete and implacable eradication of humanity in its every form and manifestation.
