Opis produktu

Re-press 2022

Death Breath, the death metal purist''s bloody-wet dream fronted by Entombed/Nihilist founder (and Hellacopters main man) Nicke Andersson, vomits up the Let It Stink mini-LP.
Let It Stink heaves forth four brand new songs, covers of Bathory, G.B.H. and Discharge, and 2 videos of the song Death Breath into one twitching mass of old school death greatness.
Like a corpse resurrected by the mad doctor himself, Death Breath is the undead embodiment of the true spirit of death metal.
