Opis produktu

Hailing from Finland, DECAYING are back with their 5th. full length album named "Shells Will Fall".

DECAYING about the new album:

"*Shells Will Fall*" *is our tightest and most aggressive album so far. It is also the first album that features the current lineup, which has been together since 2017. The doom elements can still be found, but mostly the material on "Shells Will Fall" is crushing and brutal mid tempo devastation, in the way you can expect from Decaying! Eight songs of pure old school death metal, without any compromises. Ever since our debut "Encirclement" we have been wanting to make a full album that focuses around the Great War. Finally the riffs and the lyrics came together, so to speak, and the stunning artwork from Toderico Art sealed the deal! So, prepare to enter the carnage...*

No more words to say !

„Shells Will Fall“ will be out on May 29th. by FDA Records/ Soulfood Music on CD and Digital Download. The Vinyl and Cassette edition will be licensed to Defying Danger Records.
