Opis produktu

HELLS HEADBANGERS is proud to present, once again, DECEASED's classic debut album, *Luck of the Corpse*, on CD format.

DECEASED should need no introduction, nor should *Luck of the Corpse*: originally released in 1991, the band's debut album was the first full-length to be released on a fledgling Relapse Records. The album was out of print on vinyl for a long, long time, until longtime fans HELL'S HEADBANGERS came along to release it on picture-disc format in 2009 and then, ten years later, on regular vinyl format. Now, the time is more than right to bring *Luck of the Corpse* back from the grave on special black-bottom CD - and it's still as rottenly fresh today as it was back then, a manic and crazed and ever-addicting long-form introduction to DECEASED's singular Death Metal from the Grave, which has gone through a number of transitions but still holds strong today. Up the tombstones, once again!
