Opis produktu

Imagine two dark stories that were born in prehistoric times and that end in a future in which death via the vacuum of space is a means of torture. In one, the Devil of all things. In the other, prayer for the goddess of war.

"Decadanse" is an album mixing classic styles of extreme metal (doom, black, death) and not at all classic (electronics, glitches, fast phrasing, ...), surrounded by a dark and cosmic blue aura, which stands close to the greats of the genre like Aborym & Dodsheimgard. Déhà delivers here a mature, varied, unique album: a visit card of the multiple facets of the musician, but also as a producer. Fast, incisive, powerful, epic, a fist in the air towards the heavens... and then comes the dance of the dead.
