Opis produktu

The disciples of pestilence are back with what is without a doubt their darker and most tortured offering yet. Songe d'une Nuit Souillée sees Délétère plunge into a never-ending pit of putrefaction, blasphemy and pervers-ion. Musically, the outfit has hardened its tone to pummel listeners with a very dense breed of Black Metal, supported by hard-hitting drums, heavier than ever guitars, sinister choirs and, of course, Thorleif's commanding voice. A striking tour-de-force from one of the leaders of Québécois Black Metal!
