CHINA'S SATANIC EVIL BLACK SPEED METAL SPAWN!

Deeply inspired musically by the ancient gods such as VENOM, BATHORY, and SODOM, and aesthetically by the new generation such as HELLRIPPER, BÜTCHER, and DIABOLIC NIGHT, Evilslaughter (guitarist) formed DEMONSLAUGHT 666 in 2020.

In June 2021, the debut EP "Speed Alcoholic Evil" drew the attention of underground metal fans to DEMONSLAUGHT 666, and in November of the same year they released a seven-inch split "Raven and the Slaughterer" with the Canadian thrash metallers CHAOS CENTURY with the new track "Black Evil Steel". Critically acclaimed sophomore EP "Nekroslaughter Battlefield" came out in November 2022 and featured five more aggressive tracks.

Now, DEMONSLAUGHT 666's debut album "Endless Witchcraft" is available! With this album, the band attempts to portray witches, black magic, and human desires, and to continue the band's "Witchcraft Metal" aesthetic. As a result, fans of traditional Heavy Metal, Thrash Metal, and even Black Metal will find their high points on this album.

This long-explored and meticulously crafted heavy metal sword was mixed and mastered by renowned German audio engineer Marco Brinkmann (VULTURE/STALLION/CRUEL FORCE) at Hellforge Studio. The cover artwork was painted by the talented Italian artist Velio Josto.
