Opis produktu

4 panels digisleeve.

More than just a fusion of its diverse influences, the collective DER MÄRTYRER first emerged aeons ago, birthed from a trance-like state induced by drugs, sleep-deprived experimentation with unconventional textures, and a relentless pursuit of a harsh dissonance capable of invoking both ancient and modern evils. The initial idea was to expand on the sonic universe unveiled by acts such as MYSTICUM and BLACKLODGE, and push further by seeking inspiration in the works of THE PRODIGY, COMBICHRIST, ANTAEUS, ATARI TEENAGE RIOT, IN SLAUGHTER NATIVES, APHEX TWIN, and many more... Over the years, four anthems were crafted—shaped, distorted, deconstructed, and reborn— through various unorthodox recording techniques, sound design research, and excessive layering, each one bearing the blood of various anonymous artists who contributed to the beast’s growth. The final manifestation of this creation is now revealed to the world in its ultimate ignominy through End All Life Productions.
